## NEW EDUCATION CENTER

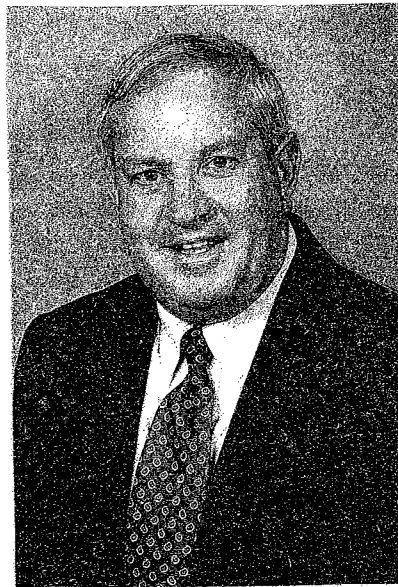

Facility To Be Ready For 1998 School Year!

**A** new multi-purpose center will provide a modern classroom setting for children of the Prince of Peace Catholic Education System in the years to come!

The development plans call for eight multi-purpose classrooms, a science hall, library/media center, and music room. The new center will be multi-purpose in nature, meaning that it will house grades 7-12 children of the Parish junior high and high school, grades 7-12 of the Parish Religious Education Program in the evenings, adult education and meeting space for Parish and community needs.

The new center will be built north of the existing Trinity Elementary school building (located next to Sacred Heart church) which houses K-6th grade students. Grades 7-12 students will be moved from the Mater Dei High School (former St. Mary's High School) building to the new center when it is completed, by the fall of 1998.

After the education center is completed, the Mater Dei building (which was first used in 1927) and the former St. Mary grade school building will be razed and grades 7-12 (*page 2*)

## HE'S BACK!

Burke Returns - As Principal

**M**r. David Burke, Area Superintendent of the Freeport Catholic Schools has accepted the position of Administrator for the Prince of Peace Catholic Schools in Clinton. The Prince of Peace School System includes Trinity Early Learning Center, Trinity Elementary, and Mater Dei High School. Mr. Burke replaces James Anderson, Administrator at Prince of Peace Schools for the past six years.

Mr. Burke began his teaching career in Clinton at St. Mary's High School in 1974 where he taught until 1977. He has administrative experience in Wisconsin, Illinois, and Iowa. He has been principal at St. Mary's Elementary, Platteville, Wisconsin; John F. Kennedy School, Davenport, Iowa; and most recently, Principal of elementary and secondary Catholic schools in Freeport, Illinois. His experience also includes college teaching at Scott Community College and St. Ambrose University in Davenport.

Mr. Burke takes over the Prince of Peace School System at an exciting time as plans for building the new education center develop. He brings a strong track record of raising enrollment at his previous positions.

Mr. Burke is married to Maureen, a nurse, and they have three children, Tim, Kelly and Pat.

## New Education Center (continued)

### *Modern Facility To Replace Deteriorating Buildings*

moved to make room for the expansion of the new Prince of Peace Church at the St. Mary's church site.

Prince of Peace Parish currently uses buildings at three different property locations to provide its K-12 Catholic school program. The consolidation of the Parish education programs to a single site will mean a significant enhancement in efficiency, maintenance, and administration with a high quality facility.

The proposed cost of the Prince of Peace Education expansion is estimated at \$2 million.

Clinton Catholic schools have not been new to the idea of change or consolidation. In 1969, North

Catholic was formed as St. Boniface and St. Irenaeus grade schools merged. In 1982, St. Patrick and St. Mary grade schools formed Seton Elementary, and in 1987 North Catholic, Seton and Sacred Heart formed the present Trinity Elementary School System. In 1980, St. Mary's High School merged with Mount St. Clare Academy, which formed the current Mater Dei High School. Mater Dei High School, Trinity Elementary and Trinity Early Learning Center now form the Prince of Peace School System.

Will there be another name change in the future? Time will tell. The important thing is that the rich tradition of Catholic education in Clinton will continue. The future is bright, and the plan is in motion!

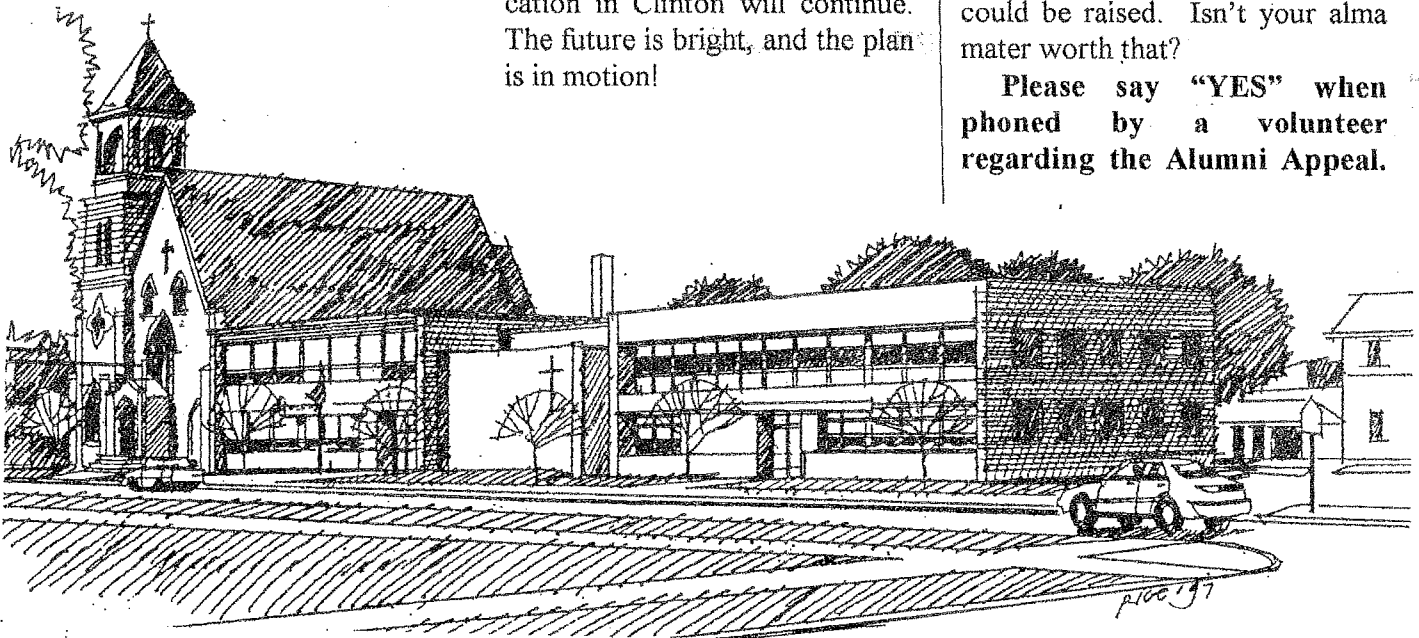

## August Brings Alumni Appeal

In August, alumni of Clinton's Catholic schools will be asked to support the traditions of academic excellence and spiritual growth which was imparted to them during their enrollment years.

The Alumni Appeal is a phone-a-thon effort to ask for your support of the new education facility. Each alumni will be asked to consider a gift in the form of a multi-year pledge to help provide resources for the capital project.

Our alumni are an important part of the rich and proud tradition of Catholic schools. This is the first time we have asked our alumni nationally to help support a major school project. If 500 alumni gave \$2,500 over five years (less than \$10 a week), \$1.25 M could be raised. Isn't your alma mater worth that?

**Please say "YES" when phoned by a volunteer regarding the Alumni Appeal.**

*The new \$2 million Catholic education center expansion will provide modern, multi-purpose facilities for students in kindergarten through 12th grades of the Parish school, and children in Religious Education programs who attend public schools.*

ISAIAH 9:6

Dear Alumnus:

If the walls at Mater Dei High School, St. Mary High School, Mt. St. Clare Academy, or Our Lady of Angels Academy could talk, what would they say about the years that you were here? Do you remember the special days when you were one of the prized students here at Clinton's Catholic schools? This Fall brings back-to-school over 324 smiling faces to the halls and classrooms of our unique school system. The traditions which you helped to establish are being proudly continued.

As you already know, much of your success today can be attributed to the quality learning environment and spiritual upbringing which you experienced while enrolled at one of Clinton's Catholic schools. Now, we must plan to ensure that the same spiritual and educational benefits that you received will be made available to the students of tomorrow.

An ambitious effort has been launched to provide for the future of Jesus Christ, Prince of Peace Parish and our outstanding Catholic school system. Our *Building the Future Together* campaign will provide modern facilities to educate more students in the tradition of Gospel values and academic excellence. With your help, we will be able to achieve our goal to raise \$2 million toward our education center facility. The initial response for financial support has been tremendous. I hope you will participate too.

This is the first time that we have gone nationally to ask our graduates to help support a major construction project of this nature. Today, we ask you to share your good fortune with the school system which helped you begin your journey of a spiritual and prosperous life. In August, we will begin our telethon to ask you to consider a five year pledge for the following gift levels:

Honor Society	- \$2,500 or more* (\$500 a year for 5 years)
Principal's Club	- \$1,000 (less than \$5 per week for 5 years)
Shamrock Club	- gifts up to \$100 (only \$20 a year for 5 years)

When called upon, please help us provide for the education of tomorrow's children in the Catholic tradition. Every person who has been associated with the Mater Dei High School, St. Mary High School, Mt. St. Clare Academy, or Our Lady of Angels Academy can and does make a difference. If you have any questions, please call me at (319) 242-3311.

Sincerely,

*David Schnier*

## IMPRESSIVE SCHOOL FACTS

Mater Dei High School students consistently excel in the American College Testing (ACT) results. The chart below illustrates that over the past five years, the composite scores from Mater Dei graduates have consistently exceeded state and national composite test scores. Additionally, 93% of Mater Dei graduates have taken the ACT over the past 5 years, compared to 55-65% of public school students. Another reason why you can believe in the quality of Catholic schools!

American College Testing (ACT) results:

Composite Scores:	Mater Dei / State of Iowa / National Average Comparisons				
	<u>1992-93</u>	<u>1993-94</u>	<u>1994-95</u>	<u>1995-96</u>	<u>1996-97</u>
	23.4 / 21.8 / 20.7	22.1 / 21.9 / 20.8	23.5 / 21.8 / 20.8	21.7 / 21.2 / 20.9	22.7 / * / *

\* Scores available in fall 1997 - State of Iowa ranks in top three states nationally in test scoring

## IMPRESSIVE STUDENT FACTS

During the recent evaluation for North Central Association (NCA) accreditation, some interesting facts surfaced which bear mentioning about the quality performance of our students and the education they receive.

- ◆ 100 % of Mater Dei seniors over the past 5 years graduated or completed their GED - that's a 0 % drop-out rate!;
- ◆ 97% attendance rate was achieved by students last year in grades 7-12;
- ◆ 94.5% of Mater Dei graduates, over the past 5 years, went on to college;
- ◆ 93% of students in grades 7-12 are in extra curricular events last year - 44% participate in five or more events;
- ◆ 42% of students (grades 10-12) work at jobs averaging 16.1 hrs/week during the school year.

If you were an employer, wouldn't you consider hiring a Mater Dei graduate?

We were also saddened by the death of Deborah Dingmon Lind (MSCA 70), longtime Physical Education teacher and Athletic Director at Prince of Peace Parish's Mater Dei High School and Trinity Elementary School. Deb had served in her capacity for over 20 years with the Catholic school system. Almost three years ago, she was diagnosed with cancer of the liver which she fought valiantly, up until her death.

Deb died on May 23, 1997, just days before the commencement exercise for Mater Dei High School's graduation. Even though Deb's health had worsened this spring, she still worked to ensure that the athletic department was in order, and that her students were being provided for. Deb would always find the positive side of any circumstance for her student athletes. She always shared her warm smile, and touched the lives of hundreds of children. Deb truly loved her life of education, dedication and service, and she will always be remembered.

The Deb Lind Memorial Scholarship Fund has been established in Deb's honor, through the request of her family and friends. Those wishing to support the Scholarship Fund may do so by submitting their gift to the:
