## New Year for Change and Growth!

### New Principal Nancy Peart

Mrs. Nancy Peart, long-time parishioner, graduate of St. Mary's High School ('69) and English teacher at Mater Dei High School for the past eight years was hired this past June as the new administrator for Prince of Peace School.

Mrs. Peart received her degree in English from the University of Iowa in 1973 and taught in Clinton public schools for nine years. While she took time off to raise her three children, two of whom have graduated from Mater Dei and one is a freshman at Prince of Peace Prep, she volunteered in the Catholic school system. She

chaired the Personnel Committee of the Catholic School Commission responsible for planning the consolidation of the North Catholic, Seton and Sacred Heart elementary schools. After serving six years on the school board, she chaired the Strategic Planning Committee for the school, which established future goals for Catholic education in Clinton. She then returned to teaching Exploratory Spanish at Trinity Elementary and English at Mater Dei High School. In 1997 she sought a

### Note from the Pastor Father Tony Herold

Dear Alumni, Parish members and friends,

I am well into my second year as pastor of this wonderful parish. We are blessed with an excellent school that helps us pass on the faith to the next generation. One of my goals as the pastor here has been to continue the unification of our parish ministries and organizations. This is nothing new. Every pastor works toward the unity of the parish to which he is assigned.

Our Parish school now officially reflects our parish name of Prince of Peace. This change has been a long time coming. The parish and the school are one in our goals to educate our young and to pass on the Catholic faith to the next generation.

Another change that occurred this year was the demolition of the old high school building. In its place we added two new locker rooms, a boiler room, and a multipurpose room to Central Catholic Auditorium. The parish invested over \$210,000 in this new construction project.

I invite you to participate in our Annual Fund Drive. A financial gift to help provide quality Catholic education to deserving students and families is always appreciated. Enclosed in the newsletter is a return envelope.

We have all received many blessings from our good and gracious Lord. The New Year will bring with it additional blessings and challenges. As Catholics and as Christians, our Gift of Faith is always with us. May you and your loved ones experience the Gift of Faith throughout the New Year.

Sincerely in Christ,  
Fr. Tony

### ALUMNI SHOOTOUT/SPIKEOUT

[New Date Set!!!]

March 16-17 (St. Patrick Day)

It's time to dust off your KEDS and get ready for the SEVENTH ANNUAL IRISH SHOOTOUT/SPIKEOUT. As a result of the recent demolition of Heritage Hall, this year's participants will notice some changes in the Shootout/Spikeout. An important change is the date of the event. Traditionally we have met on President's Day weekend. This year, at the request of Prince of Peace School, we will move to March 16th and 17th (St. Patrick's Day). The change will facilitate use of the Central Catholic Auditorium during high school tournament season. Also this year, each team will be scheduled two (2) games (instead of three) in order to accommodate both basketball and volleyball during the two days of the tournament. All games will be played in Central Catholic Auditorium. Organize your team and contact Bob Mulholland (319-242-1640) or Dick Mayer (319-243-9352) or the Parish office (319-242-3311). A portion of the proceeds from this year's event will benefit the Bernard (Bubs) Mayer Scholarship Fund.

# *Prince of Peace Catholic Academy and College Preparatory*

*"The new name better reflects our school's  
identity and its mission for the future."*

## **NEW IDENTITY**

Notice the new name of Prince of Peace Catholic Academy and College Preparatory. The name reflects more accurately the identity and mission of the Prince of Peace Catholic Education System. It represents the culmination of Catholic secondary schooling in Clinton from its ancestors - Our Lady of Angels Academy, Mount St. Clare Academy, St. Mary's High School, Mater Dei High School - as well as our grade school roots of St. Ireneaus, St. Boniface, Sacred Heart, St. Patrick, St. Mary, North Catholic, Seton and Trinity Elementary. The Catholic Church with its associated school systems has undergone many changes over the years. Prince of Peace Catholic Academy and College Preparatory more accurately reflects the present identity and future mission of Catholic education in Clinton, Iowa.

## **DOWN SHE COMES**

She served us well. Since her first graduating class in 1927, the former St. Mary/Mater Dei High School building has served hundreds of students, now alumni. These alumni have reached all corners of the globe, serving in every field imaginable to mankind, making their marks in history through careers and livelihoods as diverse as the stars. Demolition of the school began in July 2000. A small addition to Central Catholic Auditorium now stands in her place, to serve future generations of students and adults. Many of us can remember fondly the bonds of lifelong friendships that were formed through our class years. The old school building is laid to rest, but her legacy lives on!

*[Approximately 200 Commemorative Bricks are available for purchase from the Irish Booster Organization. Bricks can be ordered plain, or personalized - contact Mary Dehner Jensen at work (319) 242-9258 or home (319) 243-3537, if interested in obtaining your Commemorative School Brick]*

# Expressing Gratitude

## New Principal (continued from page 1)

Masters of Science in Educational Administration from Western Illinois University, graduating in December of 1999. Mrs. Peart is very excited about the future for Prince of Peace Schools. Enrollment is growing in the middle school and high school grades. The new facility complements the curriculum well. Technology has been upgraded throughout the school and several new courses have been added. "All the indicators of success and continued growth are evident. Our parish should be very proud of the beautiful facility, the dedicated staff and commitment they have made to our school. The support is wonderful. I'm grateful for the opportunity to serve in such a terrific school."

## IN MEMORY

A dear friend of Catholic education in Clinton died November 8th. **Sr. Mary Kelly, B.V.M.**, a graduate of Our Lady of Angels, became a Sister of Charity after receiving her education from Clarke College in Dubuque, Iowa and from Notre Dame University. Sister Kelly taught science at Mater Dei High School for many years. Even after her retirement, she continued to help at Mater Dei in many ways. She was a substitute teacher, made bulletin boards for teachers, compiled data from surveys, kept the teacher's work room organized, frequently brought treats to the teachers, planned and taught enriching science experiments for the elementary students. Whenever she would visit relatives in the area, she would stop by the school for hugs and a visit.

At the time of her death, she was residing in Chicago and was teaching at Connections Learning Center and School of Religion for Developmentally Challenged Adults. She also tutored minority women to help them earn their General Equivalency Diplomas. She will be sorely missed. Memorial fund contributions in honor of Sr. Mary Kelly may be made to the Prince of Peace School Foundation, 505 Ninth Ave. South, Clinton, IA 52732.

## HESS FAMILY MEMORIAL

A special acknowledgment to the **Hess family** for their memorial gift in honor of **Margaret E. Hess Mersch (SM'48)** and **Charles E. Hess (SM'49)**. The gift came from the **Phyllis Hess** (Charles' wife) of Lake City, FL, **James Hess (SM'54)** of Kingsburg, CA, and **Louis (Dick) & Katheryn (Kaye) Schneider Hess (both SM'45)** of Lake City, FL. The Hess family made a significant gesture of their appreciation for their Catholic education. Their gift provided for Mathematics and Physics equipment to be used by students of Sister Martha Ryder, BVM. This included Graphing Calculators, Motion Detectors and Viewscreen. "Margaret and Charles would be pleased and happy to be of help in the student's education and development," stated Dick Hess. "May the students get great benefit and knowledge from the equipment for years to come." Thanks to the Hess family for this very fitting memorial.

## FITZPATRICK GIFTS ESTATE

**Helen Judge Fitzpatrick** remembered Prince of Peace Academy (formerly Trinity Elementary) in her estate plans. She bequeathed 20% of her remaining estate to our Catholic school. Thanks to the generosity of Helen Fitzpatrick and others like her, the future of our Catholic institutions will remain strong for future generations.

Estate Note – Did you know that only about 40 % of Americans have taken the initiative to properly prepare their own Will? If you do not have a Will, the government has a remedy in mind, and guess who becomes one of the main inheritors then – Uncle Sam! So please, talk to your attorney or financial professional about planning your estate and Will. And please, remember to include your Church and Catholic school in your plans. Contact the Parish Office (319) 242-3311 and talk to Phil O'Gara or David Schnier if you have questions about making a planned gift. You'll be glad you did!

*Bill McDermott (SMHS '36)* comments: "I spend at least two or three days in Clinton each month. I am appalled at the situation relative to the physical status of the religious buildings in Clinton and their practical usage; i.e. the relatively new convent building at 5th and 9th built to house Catholic nuns - two and possibly more Catholic nuns who have spent their earlier life at St. Mary's now relegated to a small rental house in the west end of the residential area of Clinton. No transportation, living an extremely simple existence where they should be in the convent building as was originally intended by St. Mary's years ago. Clinton Catholics should be ashamed!"
